Novus provides great Internet service and it is highly recommended that a new resident subscribe with Novus. Because of Novus' inherent benefit, Shaw aggressively competes by offering phenomenal deals exclusive to Novus buildings. For example, for switching to Shaw for TV service, we received a free HD DVR (\$600 value) plus several months of free programming. For switching Internet, we received six months of free Internet plus discounted rates for the rest of the year. Shaw recently increased the speed of their service by 50% so their speed is respectable and it was not a hardship to switch.
