HIGH RESOLUTION CONTEXT PHOTOGRAPHY

THE SKY GUYS are able to capture High Resolution Aerial Oblique Images of a subject site from a wide variety of angles, heights and perspectives. These images can be used to insert rendered objects such as buildings, new fixtures and roads, people, etc. for Marketing material for a future development. We can capture single images or multi-image stitches to create larger format hero style images for websites or sales centers.

Pricing starting at \$499.99+GST;
Free Detailed, Project Specific Estimates available
10% First Time Client Discount on your first booking!

ULTRA-HIGH RESOLUTION

With the latest UAV imaging payloads you can see every detail.

MICRO OR MACRO FOCUS

Capture an entire site in one single aerial image or focus on smaller specific areas of a development.

OUR ADVANTAGE

\$5 Million Liability Insurance, can add additional insureds onto our policy and offer waivers of subrogation in favor of any corporate entities involved in our work.

Over 12,000 logged flights, over 4,500 flight hours across our professional team of pilots, sensor operators and ground supervisors. All of our camera operators have real estate experience.

Unrestricted Standing Order Special Flight Operator's Certificate (SFOC) across Canada, allowing us to fly anywhere, anytime across the country.

Relationships with all governing bodies from Transport Canada to Regional Law Enforcement, often called upon to provide input into UAV legislation and implement best practice procedures.
