

BCCONDOS.NET

As an International Real Estate Specialist (I.R.E.S.), Les Twarog can show you how to market your property differently than any other real estate agent. You've heard listing presentations and what options REALTORS can offer you for marketing your property. These are only the basic services such as MLS, Realtor.com, open houses, etc. In addition to those services, Les can explain to you how his services are different from others. Have you ever thought about promoting your property in other areas to bring buyers from out of state or from another country? What this means is not through advertising, but through the I.R.E.S. program, which will give you an incredible exposure in the national/international markets. The idea is to partner with other certified I.R.E.S. from other MLS areas, states and/or countries, for them to enter your property in their local MLS, so as to promote your home to REALTORS in their area, as well as their clients, friends and family. As you know, today buyers are moving here from many different areas. In addition to promoting your home outside of our MLS area and giving your property amazing exposure, your property will be featured in the Castles & Estates Magazine and on the C&E web site[Les Twarog] <http://www.castlesandestates.com/> . If you want to learn more about this service, contact Les Twarog today!

"Today, sophisticated buyers and sellers from around the world are looking for Global agents, not just Local agents. Knowledge about the International Real Estate Market is of the utmost importance." –Audree Mevellec
I.R.E.S., President and CEO

About BC Condos

BCCondos.net (www.bccondos.net) is the largest and most comprehensive online source for condominium and townhouse listings and sales information throughout BC. We are a resource for Buyers and Sellers of condos and townhouses by offering a complete building specific database of unique information for every building, every MLS® listing, building rentals, building sales history, building open houses, individual floor plans and are adding something new every day (check back often).
